Cr. A. No. 23-mj-274 (MN)

**MOTION FOR AUTHORIZATION TO FILE
ELECTRONICALLY USING THE CM/ECF SYSTEM**

Christopher J. Tigani, appearing pro se, respectfully moves this Court for an order granting authorization to file documents electronically using the CM/ECF system. The grounds for the Motion are as follows:

1. According to information contained on the website for the U.S District Court for the District of Delaware, a motion for authorization is required by anyone appearing pro se to file electronically using the CM/ECF system. *See*

<https://www.ded.uscourts.gov/registrationtraining>, ¶ 5. The information A motion should be filed on a case-by-case basis.

2. Paragraph 5 provides, in pertinent part, that “[t]he pro se party must indicate that they have independently reviewed all of the materials and related topics on the Court’s web site and have a PACER account.” *Id.*

3. I represent and certify to the Court, that I have fully reviewed all of the materials and related topics on the Court’s website. Also, I have a fully functioning PACER account with username ChrisTigaUa. Attached as Exhibit A is my most recent PACER invoice from July 2023.

4. Also, I am or have been granted authorization to file electronically in every Delaware state court, including twice in the Delaware Supreme Court. I maintain active and current accounts with File&Serve, File&Serve Express, and eFlex. I have never had a single issue filing in any court, nor had the privilege to file electronically revoked for any reason.

5. I seek authorization from the Court to file electronically, not only for convenience, but because I currently reside in High Point, North Carolina and will attend law school in the fall. If granted authorization, I intend on filing a Motion for Leave to file an *amicus curiae* brief. Attached as Exhibit B is my email to the opposing parties asking for their consent to file.

WHEREFORE, I respectfully move the Court to enter an Order, in the form attached, granting authorization to file electronically using the CM/ECF system.

Respectfully Submitted,

CHRISTOPHER J. TIGANI
